Fees and Packages

The first session will require 1.5 hours with the first 30 minutes complimentary.

With this complimentary 30 minutes, is an opportunity for you to ask question you might have thought of prior to your first session:

“what is hypnosis” “what is NLP” “What is the correct treatment”

The most important fact is if **YOU** don't feel we will be able to work together for your goal (s). There is no point in either of us continuing if we do not have a good rapport.

You need to have trust and confidence in your Therapist, for this reason, if you are not feeling like it will work, then by all means leave free of charge.....

At the end of the hour, being the discovery consultation part of your first session, a scope can be commenced and at this time you can either pay for the session or take advantage of purchasing one of package deals.

Initial Session \$130.00 for 1.5 hours

Subsequent Session \$130.00

Package – 3 session \$330.00 (saving \$45.00)

Quit Smoking Package \$485.00

Weight Loss Package Pricing under Weight Loss Section

Cancellation Policy

We require 12 hours cancellation prior to a session. Any appointments cancelled after the 12 hour time limit will be charged at the full fee.
